

Secret clues. Covert missions.

Science mysteries. Awesome technology.

Click!

Bring Click! to your museum this summer!

Bring Click! to your museum next year!

Click! is a scientific spy school for teens. This innovative six-day summer camp program for middle school girls provides a unique opportunity for girls at risk of losing interest in science. Click! utilizes high-end technology, an advanced, engaging real time story line, and the latest educational techniques to sustain girls' interest in science during a critical period in their academic development.

All three levels of the **Click! trilogy can now be purchased for your museum** for implementation for 2010 camp programs and beyond.

Bring this unique program to middle school girls in your region and grow your camps audience to include the teen girl market!

When you purchase Click!, your museum will receive:

- The full Click! **six-day curriculum**
- Click! **marketing materials** that are turn-key and ready for customizing to your site
- A Click! **graphics package**
- A complete **How-To Click! guide** with support and tips from the Girls, Math & Science Partnership
- **Personal training** about how to set up your Click! program and videos to introduce you to how the program runs at Carnegie Science Center in Pittsburgh

... and more.

More than \$350,000 worth of resources, piloting and expertise has made Click! a successful, teen-tested program that has drawn audiences nationally and globally to Pittsburgh. **Anxiously awaited by all who want to see middle school girls succeed in the sciences, Click! is now in a replicable form for your museum.**

Learn more at our website, www.BrainCake.org/click.aspx and contact Click! Agent Jennifer Stancil at 412.237.3356 or stancilj@carnegiesciencecenter.org.

Click! is a signature program of the **Girls, Math & Science Partnership**, whose mission is to engage, educate, and embrace girls as architects of change. Working with girls age 11 - 17 and their parents, teachers, and mentors, we draw organizations, stakeholders, and communities together in an effort to ensure that girls succeed in math and science. GMSP is a program of the Carnegie Science Center. Visit us online at www.BrainCake.org.
